- STAPLER + TAPE
- NOTEBOOK

Bottom row (tilt bins)

- BANDS
- CLIPS
- CARDS: OURS
- PARTNER A/B
- PARTNER C/D
- PARTNER E
- MISC

NOTES

1. All interior dividers and shelves are 12 mm thick.
2. Front face fully open — fits under monitor shelf, front access only.
3. Bottom row is a continuous short-front-lip tray that visually reads as 7 tilt bins; the lip (dashed in front view) is ~1" tall and runs the full length.
4. Top row stores items horizontally (laid flat): scissors, pens, markers, cutters, stapler, notebook. Easy swipe-to-grab.
5. Dimensions are provisional — refresh when the shelf clearance and desk width are measured.
6. For acrylic, drop wall thickness to 6 mm and use slot-and-tab joinery with Weld-On 4 cement.

PART NO.	ORG-B-001
MATERIAL	12 mm MDF or 6 mm acrylic
UNITS	mm (inches in parentheses)
SCALE	varies per view (not to scale)
