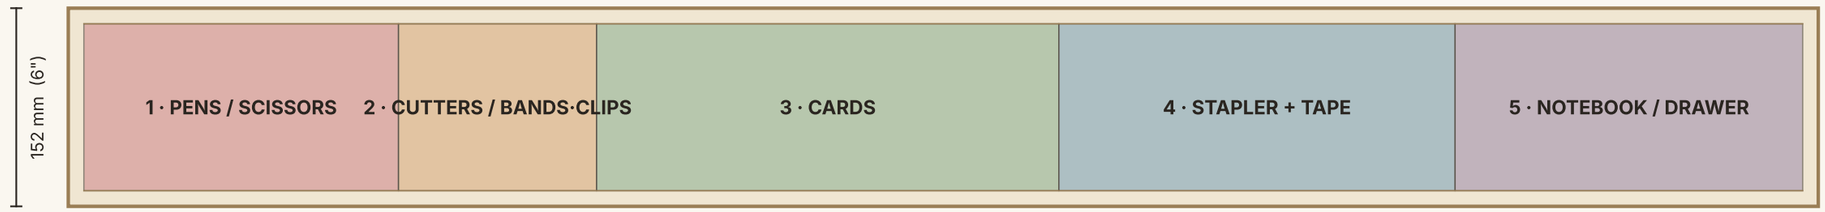
TOP VIEW (looking down into the open front)



ZONE KEY

1. Scissors (shelf)
   Pens (trough)
2. Cutters (shelf)
   Bands + clips (2 tilt bins)
3. Cards: ours
   + 3 partner slots
4. Stapler + tape
   (open cubby)
5. Notebook (shelf)
   Drawer (bottom)

NOTES

1. All interior dividers and shelves are 12 mm thick (same as walls).
2. Front face is fully open — the box tucks under the monitor shelf, so the only access is from the front.
3. 'Short front lip' (dashed) means a half-height wall across the front; keeps bands, clips and cards from falling out while still letting you see in from above.
4. Zone 5 drawer is a shallow pull-out behind the drawer face; add drawer runners when building.
5. Dimensions are provisional — refresh when the shelf clearance and desk width are measured.
6. For acrylic, drop wall thickness to 6 mm and use slot-and-tab joinery with Weld-On 4 cement.
